

Safran

Patria Netherlands is distributor of various Safran products.

We deliver parachute systems of Safran Electronics & Defense to the Dutch Defense organization.

Euroflir - Very-high-resolution multispectral cameras (Netherlands and Belgium).

The Euroflir™ 410 family allows fixed, rotary-wing aircraft & UAV to carry out, in any conditions, intelligence, protection, search and rescue missions thanks to long-range observation and accurate targeting and designation capabilities.

Euroflir™ 410 operates in four spectral wavebands - TV, NIR, SWIR, MWIR - with a wide field-of-view and ultra-long-range observation, allowing it to func-

tion at standoff distance any time day or night. The Euroflir™ 410 is specially adapted to the wide variety of missions: supporting law enforcement, homeland security, border and coastal surveillance, intelligence, SAR and CSAR.
